Centrepieces

High Impact Floral Centrepiece on Tall Vase (Silk from £95 / Fresh from £150)

All floral arrangements are bespoke and treated on an individual basis. As such, pricing will vary depending on factors such as seasonal availability, the ratio of fresh vs. silk, the time needed to construct each arrangement etc. Our goal is to talk through your vision and establish the maximum impact we can achieve within your budget, whatever that may be. At the start of the process, we will show lots of examples and ask you to send images of arrangements that you love to make sure we are all on the same page. As we get further into the planning process, we will fine-tune the images and send an inspiration photo to refer to with your final quotation.

The above three photos are used to demonstrate our pricing guide.

Left: foliage base, silk florals with a 50/50 ratio of flowers/foliage

Middle: foliage base, fresh flowers as well as silk, with a 75/25 ratio of flowers to foliage

Right: minimal foliage base with fully fresh flowers throughout

All high impact centrepieces include a tall glass vase or geometric frame with a full floral arrangement, a mirror plate & coordinating tea lights
